

## **IMPORTANT INFORMATION**

TO ALL MEMBERS OF THE  
STARK COUNTY SCHOOLS COUNCIL OF GOVERNMENTS  
HEALTH INSURANCE PROGRAM

Flu vaccinations can help reduce the risk of contracting the flu by 70% to 90%. The shingles (Zoster) vaccination reduces the risk of developing shingles and is recommended for those 60 years and older. In conjunction with Stark County Schools, CVS Caremark is offering convenient flu and shingles vaccinations at your nearby CVS retail pharmacy. Members with prescription coverage through Stark County Schools may obtain a flu or shingles shot at any CVS pharmacy. No prescription is needed.

If a flu or shingles vaccination is received at a CVS pharmacy there will be no charge. If a flu or shingles vaccination is received at a pharmacy other than CVS, the participant will be charged up front and must apply for reimbursement from the insurance company.
